Dear Kelly Restoration Advisory Board Members

The following is an action items report for the 10 January 2006 Kelly Restoration Advisory Board (RAB) meeting.

1. *Mr. Quintanilla asked that public transportation information be provided for future public meetings such as the recent Class 3 Modification public meeting.*

For the most current and accurate public transportation information, please contact VIA Metropolitan Transit at (210) 362-2020, or their website www.viainfo.net. Bus route information for current stops near AFRPA meeting locations are provided at Attachment 1. Bus schedules and routes are subject to change. Route 62 currently services KellyUSA and downtown, and makes frequent stops at Tinker and Duncan. Multiple routes service the Las Palmas Shopping Center, the location of the Environmental Health & Wellness Center, including Routes 68, 70 and 524. Route 62, which also stops at KellyUSA, makes frequent stops near Kennedy High School.

2. *Mr. Quintanilla recommended Ms. Subra be asked to provide the briefing given at the January 2006 RAB meeting at a future orientation training. He added that new members need explanations of what things such as Class 2 and 3 Modifications and Risk Reduction Standards (RRSs) are.*

At the present time, there are no new members on the Kelly RAB. The intent of new member workshops is to provide new RAB members information such as: RAB history, guidance and purpose, resources for the Kelly RAB, member roles and responsibilities, AFRPA overview, and an overall picture of the environmental restoration program at the former Kelly AFB.

Technical Review Subcommittee (TRS) meetings offer an ideal setting for learning about topics such as Class 2 and 3 modifications. For example, Class 3 Modification briefings were given by AFRPA personnel at both the October 2005 RAB and November 2005 TRS. Additionally, the Kelly RAB was informed about the Class 3 Modification public meeting for the Corrective Measures Implementation Work Plan for Zone 4 and Zone 5 at the former Kelly AFB. This public meeting took place 11 January 2006 at the Greater Kelly Development Authority (GKDA), where questions regarding this topic were addressed.

AFRPA meets in Executive Committee with the community cochair prior to every RAB and TRS meeting to discuss upcoming agenda topics. Suggestions for agenda topics should be provided to the community cochair for discussion during Executive Committee.

3. *Mr. Rodrigo Garcia stated that AFRPA needs to hire a contractor that will do a better, more professional job of writing reports such as the semiannual compliance plan, and create the reports using layman's terminology.*

As discussed at previous RAB and TRS meetings, the semiannual compliance plan report, by design, is a technical document. This type of report is designed to effectively convey technical information from the Air Force to the regulatory agencies such as the Texas Commission on Environmental Quality (TCEQ) and meet state regulatory requirements.

The Kelly RAB was provided \$100,000 in Technical Assistance for Public Participation (TAPP) funds to hire TAPP contractors to describe these types of reports in layman's terms. To date, the Kelly RAB has expended \$97,825 of this funding.

4. *Mr. Quintanilla asked that on the next Community Involvement Plan (CIP) update, AFRPA include information on Environmental Justice (EJ).*

AFRPA will consider this recommendation in updating the Kelly Community Involvement Plan.

5. *Ms. Hannapel asked for a report outlining responses AFRPA has received from community feedback forms.*

AFRPA currently inputs all responses from community feedback forms in an Access database. This survey tracking system was implemented in 2003 and includes all responses received from annual mailers, base tours, neighborhood association meetings, speakers' bureau events, etc. A current overall report calculating all feedback form responses received since 2003 is included as Attachment 2.

6. *Requests were made to receive copies of the transcript from the 13 December 2005 Technical Review Subcommittee (TRS) meeting by: Ms. Hannapel, Ms. Galvan, Mr. Perez, Mr. Garcia, Mr. Martinez, Ms. LaGrange.*

A copy of the transcript from the 13 December 2005 TRS meeting was mailed to each of the parties listed above on 17 January 2006.

7. *Mr. Quintanilla stated the Information Repository (IR) needs to be relocated near Kelly because the current location was too far from Kelly.*

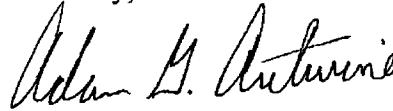

The Kelly IR, located at the San Antonio Central Library downtown, is a convenient location for the entire San Antonio community and is only 6.6 miles from the former Kelly AFB. Public transportation makes frequent stops downtown from all areas throughout the city, and the San Antonio Central Library has its own parking garage which provides one free hour of parking for patrons of the library.

8. *Ms. Galvan asked for a review of the health studies conducted by Public Center for Environmental Health (PCEH).*

Please refer to Attachment 3 for information regarding health studies conducted by PCEH.

Thank you for your continued interest in the Kelly Restoration Advisory Board.

Sincerely,

A handwritten signature in black ink, appearing to read "Adam G. Antwine". The signature is written in a cursive style with a large initial 'A'.

Senior Representative

1-Goes to Los Palms only.

L-Indicates routes that are modified for "line up". Every night at 10:30 p.m. and 11:30 p.m., buses from many routes line up together downtown to give riders a last chance to transfer before they make final run and return to the garage.

Combined route 68-68 line up on Comercio west side of St. Mary's, leaves downtown on route 66, returns downtown on route 68. Refer to VIA Group brochure for details.

FG 4 FG - From or to V&A garage at 1621 San Pedro.

HOLIDAY SCHEDULES
 Bus service on VIA observed holidays will be provided as follows:
 Saturday Schedule - Martin Luther King Day, Memorial Day & Friday after Thanksgiving
