The McClellan Restoration Advisory Board provides a forum through which the local community, regulatory agencies, and the Air Force can work together and share information on current and future environmental cleanup programs and reuse at the former base.

The RAB meets quarterly and includes representatives from the Air Force, state and federal regulatory agencies, McClellan Business Park, Sacramento County and the local community. Community RAB members represent a diverse group of stakeholders including on base and off base residents, business owners, educators, former base employees, environmental groups, churches, and students.

Any interested community members may apply to join. For more information, contact the McClellan community relations office at 916-643-1250, ext 232 or email afropa.west.pa@us.af.mil.
