

Air Force Installation & Mission Support Center

Restoration Advisory Board Community Member Nomination Former Air Force Base (military base name)

What is a Restoration Advisory Board (RAB)?

A RAB is a forum for the exchange and discussion of environmental restoration program information among a Department of Defense installation or former installation, regulatory agencies, tribes (where applicable) and the community. The RAB enables community members to review the installation's progress on environmental restoration matters and ask questions and make comments about that progress.

To be considered for membership in the RAB, please fill out the application below.

Name: _____
