Enhanced Use Lease (EUL) Program

U.S. AIR FORCE

- **EULs leverage available real estate for long term leases garnering at least fair market “rent” consideration for public/industrial functions that are compatible w/ the AF mission**
- **Currently have 9 signed “EULs” garnering ~\$1.6M/yr of no-year income; proceeds used for infrastructure projects per 10 USC 2667**
- **EULs benefit community partnerships (ex. “Grand Sky”, Grand Forks), mission (Emerald Breeze, Eglin AFB), and private sector Developers (\$\$)**
- **10 EULs in development w/ 2 EULs negotiated for \$10M Net Present Value income over the life of the leases**
- **Consider EUL opportunities with a market driven approach creating win/win/win for AF/community/private developers**

EULs capitalize on real estate providing additional no-year funds optimizing infrastructure asset management

U.S. AIR FORCE

Why Enhanced Use Leases? ...Win, Win, Win

■ Community

- Supports base/state/local economic development
- Increases tax base; Creates increased job opportunities

■ Developer

- Financially beneficial business deal; potential tax incentives & utility proximity
- Project site security associated with installation security

■ Air Force

- Consideration recapitalizes AF facilities/infrastructure; efficient asset mgt
- “highest and best” parcel use; single/stable land owner
- Supports 1GW Renewable Energy Plan

Bring us your ideas & initiatives!
